Appendices I, II and III

valid from 23 February 2023

Interpretation

1. Species included in these Appendices are referred to:
 - a) by the name of the species; or
 - b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation "spp." is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only. The common names included after the scientific names of families are for reference only. They are intended to indicate the species within the family concerned that are included in the Appendices. In most cases this is not all of the species within the family.
4. The following abbreviations are used for plant taxa below the level of species:
 - a) "ssp." is used to denote subspecies; and
 - b) "var(s)." is used to denote variety (varieties).
5. As none of the species or higher taxa of FLORA included in Appendix I is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article III of the Convention, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, transported in sterile containers of these hybrids are not subject to the provisions of the Convention.
6. The names of the countries in parentheses placed against the names of species in Appendix III are those of the Parties submitting these species for inclusion in this Appendix.
7. When a species is included in Appendix I, II or III, the whole, live or dead, animal or plant is always included. In addition, all parts and derivatives thereof are also included in the same Appendix unless, for animal species listed in Appendix III and plant species listed in Appendix II or III, the species is annotated with the symbol # followed by a number to indicate that only specific parts and derivatives are included. The symbol # followed by a number placed against the name of a species or higher taxon included in Appendix II or III refers to a footnote that indicates the parts or derivatives of animals or plants that are designated as 'specimens' subject to the provisions of the Convention in accordance with Article I, paragraph (b), subparagraph (ii) or (iii).
8. The terms and expressions below, used in annotations in these Appendices, are defined as follows:

Extract

Any substance obtained directly from plant material by physical or chemical means regardless of the manufacturing process. An extract may be solid (e.g. crystals, resin, fine or coarse particles), semi-solid (e.g. gums, waxes) or liquid (e.g. solutions, tinctures, oil and essential oils).

Finished musical instruments

A musical instrument (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is ready to play or needs only the installation of parts to make it playable. This term includes antique instruments (as defined by the Harmonized System codes 97.05 and 97.06; Works of art, collectors' pieces and antiques).

Finished musical instrument accessories

A musical instrument accessory (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is separate from the musical instrument, and is specifically designed or shaped to be used explicitly in association with an instrument, and that requires no further modification to be used.

Finished musical instrument parts

A part (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) of a musical instrument that is ready to install and is specifically designed and shaped to be used explicitly in association with the instrument to make it playable.

Finished products packaged and ready for retail trade

Products, shipped singly or in bulk, requiring no further processing, packaged, labelled for final use or the retail trade in a state fit for being sold to or used by the general public.

Powder

A dry, solid substance in the form of fine or coarse particles.

Shipment

Cargo transported under the terms of a single bill of lading or air waybill, irrespective of the quantity or number of containers or packages; or pieces worn, carried or included in personal baggage.

Ten (10) kg per shipment

For the term "10 kg per shipment", the 10 kg limit should be interpreted as referring to the weight of wood of each individual annotated species of genus *Dalbergia* or *Guibourtia* present in the items in the shipment. The 10 kg limit is to be assessed only against the individual weights of the portions of wood of each individual annotated species contained in each item of the shipment, and not against the total weight of the shipment. The total weights present of each individual annotated species are considered individually to determine whether a CITES permit or certificate is required for each individual annotated species, and weights of different individual annotated species are not added together for this purpose.

Transformed wood

Defined by Harmonized System code 44.09: Wood (including strips, friezes for parquet flooring, not assembled), continuously shaped (tongued, grooved, rebated, chamfered, V-jointed, beaded, moulded, rounded or the like) along any of its edges, ends or faces, whether or not planed, sanded or end-jointed.

Woodchips

Wood that has been reduced to small pieces.

- g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe, whole tusks and pieces) subject to the following:
 - i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin);
 - ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP18) concerning domestic manufacturing and trade;
 - iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks;
 - iv) raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at CoP12, which are 20,000 kg (Botswana), 10,000 kg (Namibia) and 30,000 kg (South Africa);

 - vii) the additional quantities specified in paragraph g) v) above shall be traded only after the Standing Committee has agreed that the above conditions have been met, and
- h) no further proposals to allow trade in elephant ivory from populations already in Appendix II shall be submitted to the Conference of the Parties for the period from CoP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraphs g) i), g) ii), g) iii), g) vi) and g) vii). In addition such further proposals shall be dealt with in accordance with Decisions 16.55 and 14.78 (Rev. CoP16).

All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.

A1 Specimens of the domesticated form are not subject to the provisions of the Convention.

瀕危野生動植物種國際貿易公約

附錄 I、附錄 II 和附錄 III

自 2023 年 2 月 23 日起生效

說明

1. 本附錄所列的物種是指：
 - a) 名稱所示的物種；或
 - b) 一個高級分類單元所包括的全部物種或其被特別指定的一部分物種。
2. 縮寫“spp.”用於表示一個高級分類單元的所有物種。
3. 其他種以上的分類單元僅供資料查考或分類之用。科的學名後的俗名僅供參考（編者註：公約秘書處發佈附錄的英文版原文中，俗名為英文名，附錄中文版以學名前加中文名替代）。它們是為表明此科中有物種被列入附錄。在大多數情形下，並不是這個科中的所有種都被收入附錄。
4. 以下縮寫用於植物的種以下分類單元：
 - a) 縮寫“ssp.”指亞種；及
 - b) 縮寫“var(s).”指變種。
5. 鑑於對列入附錄 I 的植物種或較高級分類單元均未註明其雜種應

當按照《公約》第三條有關規定進行管理，這表明來自一個或多個這些種或分類單元的人工培植雜種如附有人工培植證明書便可進行貿易，同時這些雜種的種子、花粉（包括花粉塊）、切花和源於離體培養以無菌容器運輸的幼苗或組織培養物不受《公約》有關條款的限制。

6. 附錄 III 中物種名後括號中的國家是提出將這些物種列入該附錄的締約方。

7. 當一個物種被列入附錄 I、II 或 III 時，該動物或植物的整體，無論是活體還是死體都被包括在內。此外，對附錄 III 所列動物，以及附錄 II 或 III 所列植物，其所有部分和衍生物也被包括在同一附錄中，除非該物種以符號#加上數字進行註釋，以表明只包括特定部分或衍生物。符號#加上數字，位於列入附錄 II 或 III 的物種或較高級分類單元名稱右上角，其所引用的腳註，表明動物或植物的哪些部分或衍生物被指定為，根據《公約》第一條第（b）款第（ii）項或第（iii）項的規定受《公約》條款管制的“標本”。

8. 附錄註釋中使用的術語和詞語定義如下：

提取物

無論生產過程怎樣，使用各種物理和化學方法直接從植物材料提取的任何物質。提取物可以是固體（如結晶、樹脂、細顆粒或粗顆粒）、半固體（如膠、蠟）或液體（如溶液、酞劑、油和精油）。

樂器成品

可立即用於演奏，或僅需安裝零件即可用於演奏的樂器（參考世界海關組織海關編碼第九十二章 樂器及其零件、附件）。該術語包括古董樂器（根據海關編碼品目 97.05 和 97.06 的定義：藝術品、收藏品及古物）。

樂器附件成品

指與樂器分開，經過特別設計或造型，需要與樂器結合使用，無須再做修飾的樂器附件（參考世界海關組織海關編碼第九十二章 樂器及其零件、附件）。

樂器零件成品

指經過特別設計或造型，可立即安裝使樂器可以演奏的樂器部分（參考世界海關組織海關編碼第九十二章 樂器及其零件、附件）。

包裝好備零售的製成品

單個或整批裝運的產品，無需後續加工，已包裝、貼標供最終使用或零售，處於適合向一般公眾出售或供其使用的狀態。

粉末

細顆粒或粗顆粒形式的乾固體物質。

裝運量

單一提貨單或航空運貨單載明的運輸貨物量，不論集裝箱或包裹

的個數；或穿戴的、攜帶的或放在個人行李中的貨物件數。

每次裝運量 10 千克

對於術語“每次裝運量 10 千克”，10 千克限制是指，該批貨物的物品中，單個被註釋的黃檀屬或古夷蘇木屬物種的木材重量。評估 10 千克限制，只能根據該批貨物各單件物品中所包含的單個被註釋物種木材部分的重量，而不是根據該批貨物的總重量。要確定是否需要 CITES 許可證或證明書，應分別計算單個被註釋物種的總重量，而不是將不同被註釋物種的重量相加。

成型木

根據海關編碼 44.09 定義：任何一邊、端或面製成連續形狀（舌榫、槽榫、半槽榫、斜角、V 形接頭、珠榫、緣飾、刨圓及類似形狀）的木材（包括未裝拼的拼花地板用板條及緣板），不論其任意一邊或面是否刨平、砂光或端部接合。

木片

被加工至小片的木料。

編者註：物種，亞種或較高級分類單元中文名前附有“★”者，係指該種或該分類單元所合物種在中國有自然分布的記錄，以亞種列入的，則指該亞種在中國有自然分布的記錄；因分類系統差異、分類命名變動及專業和行業習慣，中文名時有不同或變化，使用本附錄時應以物種及較高級分類單元的拉丁名為準，中文名供參考；拉丁名與現行公約附錄不一致的，以公約秘書處頒佈的版本為準。
